

Annual Insurance Campaign

Benefit from a 10% permanent discount on the GPAFI complementary health insurance

Dear Colleagues,

The annual enrolment period for the United Nations Staff Mutual Insurance Society Against Sickness and Accident (UNSMIS) is open from 1 to 30 June 2020.

Staff members and/or the members of their family have the possibility to enroll in any insurance plans proposed by GPAFI throughout the year:

- The complementary health insurance: covers notably 20% outpatient treatments, hospitalization in private room, alternative or natural medicine;
- The assistance coverage: can be added to the complementary health insurance to include worldwide medical, travel and security assistance;
- The accident insurance: covers only non-professional accidents non-covered by UNSMIS;
- Loss of salary insurance: allows staff members to continue to receive full pay once they have exhausted their quota of sick leave with full pay;
- Life insurance: proposed to all civil servants who do not reside in France (legal restriction).

When a staff member and/or their family members apply for participation in the GPAFI complementary health insurance plan at the same time as they apply for participation in the UNSMIS plan, a 10% permanent discount is applied on the complementary health insurance premium. This reduction is also applied on the assistance coverage.

For more information, do not hesitate to contact us (please see details below). **However, please note that during the lockdown and the closure of the Client Support Center (CSC), email remains the main communication channel:**

Monday, Wednesday and Friday between 10 a.m. and 1 p.m.
